INDEX TO VOLUME 25

PAGE

Bakwin, H.: Oxygen therapy in premature babies with anoxemia..... 157
Water content of infants' blood during periods of rapid increase in weight 406

Bartlett, F. H., and Wollstein, M.: Brain tumors in young children; clinical and pathologic study..... 257

Blood, chemical studies of blood of mother and fetus; M. G. Howe and M. H. Givens..... 63
intraperitoneal transfusion with citrated blood; a clinical study; D. M. Siperstein..... 202
intraperitoneal transfusion with citrated blood; an experimental study; D. M. Siperstein and J. M. Sansby..... 107
review of literature on blood and blood diseases of infants and children for last 4 years; L. W. Hill..... 168
transfusion through umbilical vein in hemorrhage of new-born; report of case; J. B. Sidbury..... 290
water content of infants' blood during periods of rapid increase in weight; H. Bakwin..... 406

Book Reviews:
Anomale Kinder; L. Scholz..... 338
Kurzes Lehrbuch der Kinderkrankheiten; H. Lehndorff..... 338
Pelidisi-Table; C. Pirquet..... 338
Premature and Congenitally Diseased Infants; J. H. Hess..... 411
Principles of Professor Pirquet's System of Nutrition; E. Nobel..... 338
Syphilis of the Innocent; H. C. Solomon and M. H. Solomon..... 411

Boyd, G., and Robertson, B.: Toxemia of severe superficial burns in children..... 163

Brain cyst in infant; H. G. Jacobi..... 435
tumors in young children; clinical and pathologic study; M. Wollstein and F. H. Bartlett..... 257

Brown, E. W., and Gordon, J. K.: Types of organism found in series of tuberculous children..... 234
—Hill, L. W., and Hunt, E. F.: Bacteriology of urine in acute nephritis in children..... 198

Burns, toxemia of severe superficial burns in children; B. Robertson and G. Boyd..... 163

Calcium absorption in children on diet low in fat; L. E. Holt and H. L. Fales..... 247

Cavanaugh, G. W., Dutcher, R. A., and Hall, J. S.: Effect of spray process of drying on vitamin C content of milk..... 498

Celiac disease; R. Taylor..... 46

Cerebrospinal fluid in postdiphtheric paralysis, characteristics of; J. C. Regan, C. Regan and B. Wilson..... 284

Chloroma, myelogenous chloroma; report of case with necropsy; N. C. Foot and G. Jones..... 379

PAGE

Colloidal gold reaction in acute poliomyelitis; J. C. Regan, A. Litvak and C. Regan 76

Colostrum, importance of colostrum to new-born infant; A. Kuttner and B. Ratner 413

Cretinism, value of basal metabolism in diagnosis and treatment of; F. B. Talbot and M. E. Moriarty 185

Cyst, cerebral, in infant; H. G. Jacobi 435

Davidsohn, H., and Hymanson, A.: Saliva of the nursling 302

Dembo, L. H., McConnell, G. ,and Toomey, J. A.: Acute hemorrhagic encephalitis; report of case following scarlet fever 98

Diarrhea, bacteriologic study of acute diarrheas in young children; M. Wollstein 310

Diphtheria, characteristics of spinal fluid in postdiphtheric paralysis; J. C. Regan, C. Regan and B. Wilson 284

comparison of diphtheria immunity in mother and in new-born; H. O. Ruh and J. E. McClelland 59

Schick test performed on more than 150,000 children in public and parochial schools in New York; A. Zingher 392

Dunn, H. L, and Dunn, L.: Statistical analysis of causes of palpable lymph glands in new-born 319

Dunn, L., and Dunn, H. L.: Statistical analysis of causes of palpable lymph glands in new-born 319

Duodenum, atresia of duodenum and right internal hernia; report of case; J. J. Morton 371

Dutcher, R. A., Hall, J. S., and Cavanaugh, G. W.: Effect of spray process of drying on vitamin C content of milk 498

Ebaugh, F. G.: Neuropsychiatric sequelae of acute epidemic encephalitis in children 89

Egerer-Seham, G., and Seham, M.: Psysiology of exercise in childhood; study of normal children of school age 1

Encephalitis, acute hemorrhagic, report of case following scarlet fever; J. A. Toomey, L. H. Dembo and G. McConnell 98

neuropsychiatric sequelae of acute epidemic encephalitis in children; F. G. Ebaugh 89

Exercise, physiology of exercise in childhood; study of normal children of school age; M. Seham and G. Egerer-Seham 1

Faber, H. K.: Critique of Pirquet feeding system 339

Fales, H. L., and Holt, L. E.: Calcium absorption in children on diet low in fat 247

Fleming, G. B.: Influence of growth on basal metabolism of children 85

Foot, N. C., and Jones, G.: Myelogenous chloroma; report of case with necropsy 379

Forbes, R. P.: Congenital malaria; report of case in Colorado 130

Fox, H.: Treatment of flat warts by internal administration of mercury .. 55

PAGE

Gamble, J. L., and Ross, G. S.: Studies of tetany; effect of ingestion of hydrochloric acid producing substances on acid-base metabolism of infant and probable manner of their action in treatment of tetany.... 470

—Ross, G. S., and Tisdall, F. F.: Studies of tetany; effect of calcium chlorid ingestion on acid-base metabolism of infants..... 455

Givens, M. H., and Howe, M. G.: Chemical studies of blood of mother and fetus 63

Gordon, J. K., and Brown, E. W.: Types of organism found in series of tuberculous children..... 234

Halbertsma, T.: Mongolism in one of twins and etiology of mongolism... 350

Hall, J. S., Cavanaugh, G. W., and Dutcher, R. A.: Effect of spray process of drying on vitamin C content of milk..... 498

Hernia, right internal hernia and atresia of duodenum; J. J. Morton..... 371

Hill, L. W.: Review of literature on blood and blood diseases of infants and children for the last 4 years (1918-1921)..... 168

—Hunt, E. F., and Brown, E. W.: Bacteriology of urine in acute nephritis in children..... 198

Hoag, L. A.: Malignant hypernephroma in children..... 441

Holt, L. E., Jr.: Lead poisoning in infancy..... 229

Holt, L. E., and Fales, H. L.: Calcium absorption in children on diet low in fat..... 247

Howe, M. G., and Givens, M. H.: Chemical studies of blood of mother and fetus..... 63

Hunt, E. F., Brown, E. W., and Hill, L. W.: Bacteriology of urine in acute nephritis in children 198

Hymanson, A., and Davidsohn, H.: Saliva of the nursling..... 302

Hypernephroma, malignant, in children; L. A. Hoag..... 441

Idiocy, mongolism in one of twins and etiology of mongolism; T. Halbertsma 350

Infant feeding, critique of Pirquet feeding system, with special reference to its underlying principles; H. K. Faber..... 339

new-born, importance of colostrum to new-born infant; A. Kuttner and B. Ratner..... 413

new-born, statistical analysis of causes of palpable lymph glands in new-born; L. Dunn and H. L. Dunn..... 319

new-born, transfusion through umbilical vein in hemorrhage of new-born; report of case; J. B. Sidbury..... 290

premature, oxygen therapy in premature babies with anoxemia; H. Bakwin 157

Jacobi, H. G.: Case of cerebral cyst in infant..... 435

Jones, G., and Foot, N. C.: Myelogenous chloroma; report of case with necropsy 379

Kidney, polycystic disease of kidneys; report of case in infant; A. Tow.... 222

Kuttner, A., and Ratner, B.: Importance of colostrum to new-born infant.. 413

Lead poisoning in infancy; L. E. Holt, Jr..... 229

PAGE

Litvak, A., Regan, C., and Regan, J. C.: Colloidal gold reaction in acute poliomyelitis 76

Lymph glands, statistical analysis of causes of palpable lymph glands in new-born; L. Dunn and H. L. Dunn..... 319

McClelland, J. E., and Ruh, H. O.: Comparison of diphtheria immunity in mother and in new-born..... 59

McConnell, G., Toomey, J. A., and Dembo, L. H.: Acute hemorrhagic encephalitis; report of case following scarlet fever..... 98

McLean, S., and Rulison, R. H.: Treatment of vascular nevi with radium.. 359

Malaria, congenital malaria, report of case in Colorado; R. P. Forbes.... 130

Metabolism, basal, influence of growth on, of children; G. B. Fleming.... 85

basal, value of, in diagnosis and treatment of cretinism; F. B. Talbot and M. E. Moriarty..... 185

Milk, effect of spray process of drying on vitamin C content of milk; preliminary report; G. W. Cavanaugh, R. A. Dutcher and J. S. Hall.. 498

excretion of foreign protein in human milk; H. C. Stuart..... 135

Morbidity, causes of absence in boys' school; C. H. Sanford..... 297

Morgan, E. A.: Ulcerative stomatitis and its treatment by intravenous injection of arsenic..... 354

Moriarty, M. E., and Talbot, F. B.: Value of basal metabolism in diagnosis and treatment of cretinism..... 185

Morton, J. J.: Atresia of duodenum and right internal hernia..... 371

Nephritis, bacteriology of urine in acute nephritis in children; L. W. Hill, E. F. Hunt and E. W. Brown..... 198

Nevi, treatment of vascular nevi with radium; R. H. Rulison and S. McLean 359

Oxygen therapy in premature babies with anoxemia; H. Bakwin..... 157

Paralysis, characteristics of cerebrospinal fluid in postdiphtheric paralysis; J. C. Regan, C. Regan and B. Wilson..... 284

Pirquet feeding system, with special reference to its underlying principles; H. K. Faber..... 339

Poliomyelitis, colloidal gold reaction in; J. C. Regan, A. Litvak and C. Regan..... 76

Protein, excretion of foreign protein in human milk; H. C. Stuart..... 135

Radium treatment of vascular nevi; R. H. Rulison and S. McLean..... 359

Ratner, B., and Kuttner, A.: Importance of colostrum to new-born infant 413

Regan, C., Regan, J. C., and Litvak, A.: Colloidal gold reaction in acute poliomyelitis 76

—Wilson, B., and Regan, J. C.: Characteristics of cerebrospinal fluid in postdiphtheric paralysis..... 284

Regan, J. C., Litvak, A., and Regan, C.: Colloidal gold reaction in acute poliomyelitis 76

—Regan, C., and Wilson, B.: Characteristics of cerebrospinal fluid in postdiphtheric paralysis 284

PAGE

Robertson, B., and Boyd, G.: Toxemia of severe superficial burns in children 163

Ross, G. S., and Gamble, J. L.: Studies of tetany; effect of ingestion of hydrochloric acid producing substances on acid-base metabolism of infant and probable manner of their action in treatment of tetany.. 470

—Tisdall, F. F., and Gamble, J. L.: Studies of tetany; effect of calcium chlorid ingestion on acid-base metabolism of infants..... 455

Ruh, H. O., and McClelland, J. E.: Comparison of diphtheria immunity in mother and in new-born..... 59

Rulison, R. H., and McLean, S.: Treatment of vascular nevi with radium.. 359

Saliva of the nursling; A. Hymanson and H. Davidsohn..... 302

Sanford, C. H.: Causes of absence in boys' school..... 297

Sansby, J. M., and Siperstein, D. M.: Intraperitoneal transfusion with citrated blood; an experimental study..... 107

Schools, causes of absence in boys' school; C. H. Sanford..... 297

Seham, M., and Egerer-Seham, G.: Physiology of exercise in childhood; study of normal children of school age..... 61

Sidbury, J. B.: Transfusion through umbilical vein in hemorrhage of newborn; report of case..... 290

Siperstein, D. M.: Intraperitoneal transfusion with citrated blood; a clinical study 202

—and Sansby, J. M.: Intraperitoneal transfusion with citrated blood; an experimental study..... 107

Stomatitis, ulcerative, treatment by intravenous injection of arsenic; E. A. Morgan 354

Stuart, H. C.: Excretion of foreign protein in human milk..... 135

Talbot, F. B., and Moriarty, M. E.: Value of basal metabolism in diagnosis and treatment of cretinism..... 185

Taylor, B.: Celiac disease..... 46

Tetany, studies of tetany; effect of calcium chlorid ingestion on acid-base metabolism of infants; J. L. Gamble, G. S. Ross and F. F. Tisdall... 455

studies of tetany; effect of ingestion of hydrochloric acid producing substances on acid-base metabolism of infant and probable manner of their action in treatment of tetany; J. L. Gamble and G. S. Ross.... 470

Tisdall, F. F., Gamble, J. L., and Ross, G. S.: Studies of tetany; effect of calcium chlorid ingestion on acid-base metabolism of infants.... 455

Toomey, J. A., Dembo, L. H., and McConnell, G.: Acute hemorrhagic encephalitis; report of case following scarlet fever..... 98

Tow, A.: Polycystic disease of kidneys; report of case in infant..... 222

Tuberculosis, types of organism found in series of tuberculous children; J. K. Gordon and E. W. Brown..... 234

Twins, mongolism in one of twins and etiology of mongolism; T. Halbertsma 350

Urine, bacteriology of urine in acute nephritis in children; L. W. Hill, E. F. Hunt and E. W. Brown..... 198

PAGE

Vitamin, effect of spray process of drying on vitamin C content of milk; preliminary report; G. W. Cavanaugh, R. A. Dutcher and J. S. Hall.. 498

Warts, treatment of flat warts by internal administration of mercury; H. Fox 55

Wilson, B., Regan, J. C., and Regan, C.: Characteristics of cerebrospinal fluid in postdiphtheric paralysis..... 284

Wollstein, M.: Bacteriologic study of acute diarrheas in young children... 310

—and Bartlett, F. H.: Brain tumors in young children; clinical and pathologic study 257

Zingher, A.: Schick test performed on more than 150,000 children in public and parochial schools in New York (Manhattan and the Bronx).... 392
